You are invited to take part in the Russian Energy Forum and the 29th international specialized exhibition “Energy of the Urals-2023” an annual congress and exhibition event for specialists from the country's fuel and energy industry.

The main mission of the events is to create an effective platform for dialogue between representatives of industry companies and corporations, government bodies and the scientific community.

THEMATIC SECTIONS OF THE EXHIBITION:

Electric power industry

High-voltage and low-voltage equipment

Relay protection and automation

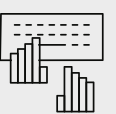

Heat supply

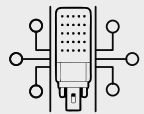

Renewable energy

Electric cars. Charging stations

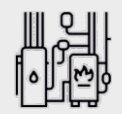

Metering, monitoring and measurement devices

Industrial lighting engineering

Cable and wire products

Boiler and heat exchange equipment

Safety at work. Labor protection

**NEW! Special section "Smart Building":**

- Building automation
- Energy-saving technologies
- Integrated security systems

OVERALL RESULTS OF THE EXHIBITION 2022:

80 participating companies

5 000 sq. m. of exposition

15 regions of Russia

5640 visitors to the exhibition

- Collective stand of enterprises of the Republic of Bashkortostan
- The territory of the Innovation - exposition of youth projects of universities and colleges of the Republic of Bashkortostan
- The territory of the Start - the exposition of the projects of children's technoparks of Ufa
- Open-air exposition - mobile laboratories and workshops for repair and restoration work on highways

RUSSIAN ENERGY FORUM

BUSINESS PROGRAM ARCHITECTURE

PLENARY SESSION OF THE RUSSIAN ENERGY FORUM		
PANEL SECTIONS AND DISCUSSION ROUND TABLES IN THE FOLLOWING AREAS:		
INTELLIGENT ACCOUNTING SYSTEMS	TARIFF REGULATION	HEAT SUPPLY AND HEAT POWER ENGINEERING
DIGITAL SOLUTIONS IN THE FIELD OF ENERGY	DOMESTIC DEVELOPMENTS. IMPORT SUBSTITUTION	INDUSTRIAL GENERATION
ENERGY SERVICE CONTRACTS	CLOUD SOLUTIONS FOR THE ENERGY SECTOR	ROBOTICS TECHNOLOGIES FOR THE FUEL AND ENERGY SECTOR
ALTERNATIVE AND SMALL ENERGY	ENERGY SAVING AND ENERGY EFFICIENCY	TRAINING OF ENGINEERING PERSONNEL
SESSION OF HR EXPERTS OF ENERGY COMPANIES	DEVELOPMENT OF ECO-TECHNOLOGIES AT ENERGY FACILITIES	YOUTH DAY
SCIENTIFIC AND PRACTICAL CONFERENCES		
FESTIVAL OF ENERGY SAVING PROJECTS		
TECHNOLOGICAL EXCURSIONS TO INDUSTRIAL FACILITIES IN THE REGION		

OVERALL RESULTS OF THE FORUM 2022:

Plenary session "Development of electric power infrastructure in the face of external challenges"

38 events of the business program

225 speakers from 24 cities of Russia

3965 listeners of the business program

Competition "For the best technology, equipment, products and scientific developments" among exhibiting companies

Delegations of foreign countries: Islamic Republic of Iran, Republic of Kazakhstan
